INSTITUTE OF DIRECTORS

Institute of Directors (IOD) was established in India on 12 July 1990, as a 'not for profit', apex association of Corporate Directors under the India's 'Societies Registration Act XXI of 1860' to improve their professional competence. It has since grown to associate with more than 31,000 senior executives from Govt, PSU and Private organisations. IOD organises a number of international events each year, in India and certain other select countries at UK, UAE and Singapore.

From the personal development of directors, IOD soon embraced the role of Corporate Governance and boardroom development, followed by organisation-wide transformation as a whole. It consolidated its position further through MOUs, with related associations globally. IOD publishes a number of professional books, handbooks, and periodicals throughout the year, to keep the directors updated.

IOD's **'Masterclass for Directors'** set up in 2003, covers training in corporate directorship, and **'Golden Peacock Awards'** in 15 different corporate functional disciplines, and other flagship initiatives aim to improve the competitiveness of individual directors and their organisations. The 'Masterclass', is a condensed programme for top management, and also prepares participants for the role of 'Independent Director' of companies. No business award today, receives the kind of recognition and adulation among peers that 'Golden Peacock' does. Both 'Masterclass for Directors' and 'Golden Peacock Awards' have become global benchmarks, and badges of excellence.

IOD has also setup two special wings; first called **'Organisation for Non-Executive Independent Directors' (ONEID),** mandated to look after the training, placement and networking of Independent Directors, and the second to look after governance and training of MSMEs. IOD's **'Board Research and Advisory'** wing provides specialised advisory services, in the areas of 'National Surveys' and 'Corporate Studies', Board & Directors' Performance Evaluation and Corporate Governance Compliances.

IOD's activities extend from training, publications, and monthly lectures to workshops and Global networking through national and international directors Conventions, on issues such as Risk Management, Corporate Ethics, Leadership, Quality, Environment, Climate Change, Occupational Health and Safety, Corporate Governance, Cyber Security, Competition Law, Sustainability, and Corporate Social Responsibility etc.

Prime focus of IOD is sharing present global practices & emerging trends for the crisis-ready 'Boards of The Future', and 'Board Ready Directors'.

OBJECTIVES

- To maintain and enhance professional skills and knowledge of Members in the field of Corporate Leadership and Governance on a continuing basis.
- To set, maintain and advise on regulatory compliances, to ensure professionalism among the directors.
- To update and keep Members informed on relevant current boardroom practices, laws, rules and court rulings.
- To organize conferences, seminars and training programmes on corporate matters for updating & networking of directors.
- To publish professional books, handbooks & other literature on subjects of interest for directors.
- To provide Corporate facilities and services for Members, including advisory information, and library etc.
- To advance the professional interests of Members.
